Dear Parents,

We had a wonderful first week of school at our new location. Thank you for your patience and kindness. Seeing all the kids in the classrooms, in the hallways, and at lunch was such a joy. I hope your kids had a great week and came home with fun stories.

Pick up & Drop Off

A reminder to have your students ready to exit your vehicle when pulling up to the drop-off door so that we can keep the line flowing.

When picking up, please stay to the right, not the middle, of the pick-up lane. This will allow other vehicles to pull around if their student comes out before yours.

Student Council

Calling all Middle School and High School Students (13-18). Join Student Council. It's an excellent opportunity to meet people, work in groups, and develop leadership skills. Student council provides events/activities that promote involvement and encourage social interaction, all while having fun for the entire student body. If you love planning events or want to meet new people, we encourage you to join. Applications are available from Mrs. Sterling in the school office.

Crochet Club

It's back! If you are interested in Crochet Club, email Mrs. Sterling at Kelly.sterling@scienceetc.com and let her know what days and times work best for you. We will try to find a day and time that works for the majority.
